I know that this site does not care about weight loss. However, is "losing weight" on-topic? There is no obvious off-topic flag, so I thought that the "too localized" flag might be a good fit. A: The flag too localized describes a problem that is

explicitly not on-topic. This site is explicitly for weight-loss and nothing else. There is no need for a flag for this that applies to just weight-loss questions. The specific flag does not need to be applied, because there is nothing else on-topic. The present disclosure relates generally to equipment utilized and operations performed in conjunction with a subterranean well and, more particularly, in a casing milling apparatus. Various types of well operations may be performed in connection with a well that traverses an unconsolidated subterranean zone. For example, perforations may be formed through a production casing of the well and then the perforations may be extended by positioning a perforating gun in a perforation gun support and then firing the perforating gun to extend the perforations through a production zone of the well and into one or more formations. Alternatively, or in addition, the perforations may be extended by milling through the production casing. Milling of the production casing in a well may be desirable in order to perform other operations in the well, such as cementing or stimulation operations. Milling may be employed to create discrete zones within a well, thereby permitting the production casing to be concentrically disposed within the well, thereby saving valuable well space. Milling may permit the creation of a relatively small and thus, relatively inexpensive gravel pack. Milling may also be desirable to create a
